2:00 **Hands-on Activities in Discovery Garden**

**The Water School** is provided to educate citizens of the complexities of water management and water issues framed for economic, political and administrative relevance. Additionally, the Water School program promotes awareness of water issues and informs attendees regarding local, regional, and statewide water management and policy.

This informative program is offered to residents of Lake and Sumter counties and includes lunch and a water resources gift bag, courtesy of sponsorship by Lake Soil and Water Conservation District and the Southwest Water Management District. Please register your attendance at <https://lakesumterwaterschool2017.eventbrite.com>.
