

# Rain Barrel Workshop

Rain barrels are a convenient and efficient way to collect rain water. Using rain barrels will help save water, reduce storm-water runoff and keep our environment green.

**When:** November 9, 2009 @ 4:00 p.m.

**Where:** Villages Government Annex Building  
8033 CR 466 , Lady Lake, Fl 32162– Located in  
the Conference Room

**Call:** Jim Davis (352) 753-0124

**Pre-registration is required.** Space is limited.

Cost for materials is \$35.00 which includes your own functional rain barrel!
